Specializing in:

Herbs

Xeriscape Plants

Native Plants

Perennials

Groundcovers

Trees

Shrubs

Attention fundraiser:

We realize that with economic times the way they are, schools as well as other sectors of society are on their own when it comes to funding even the most basic necessities.

As a local producer of bedding plants, etc.-with a convenient downtown garden centre location, we have a suggestion as to how we can help to overcome a bit of the shortage.

As most people plant gardens or at least have container gardens and are usually more than willing to do what they can to help out their children's school, we suggest selling them a coupon in the value of \$20 good for the purchase of plant materials at our store.

We would sell these coupons to your school for \$16 so you would make \$4 for every coupon sold.

In addition to helping your school, this would also be supporting a local grower, thus making the whole community stronger.

If you have any questions regarding this fund-raising opportunity, please do not hesitate to give me a call.

Sincerely,

Dalton Strong

P.S. The coupon would be able to be used in the Garden Centre (plants only) or on fair trade items, groceries, or The Smorgasbord Deli meals.
