

# Country Garden Greenhouse

## Graceland Laceflower

(Bishopsweed) Developed for the commercial cutflower market. Stems are strong, straight and uniform for easier harvest. The white flowers are large flat umbels floating above the dark green foliage. When plants are in bloom it looks like the angels draped celestial white lace everywhere. Excellent garden annual for tall borders. Ht. 100-125cm (40-50in). Z 5-9
