

# Country Garden Greenhouse

## Live forever

**(Orpine stonecrop) Fleshy leaves boiled in milk are used to stimulate the kidneys. Also used for diarrhea, piles, hemorrhages, and has a reputation as an anti-cancer herb. The juice mixed with vegetable oil has been used to heal burns. A neat fleshy plant for dry areas and rock gardens; bluish-green leaves and showy crimson flowers**

**. Perennial (hardy in zones 5-9)**
