There are good reasons for purchasing these fund-raising ideas from us:

1. Customers pick up their plants from our place of business (Garden Centre at Monte Lake), giving them more choice, and relieving you of the burden of caring for those which aren't picked up immediately. Alternatively, we can deliver them all to your school at once if that is more convenient for you.
2. By buying locally you are supporting Kamloops / Monte Lake local living economy, making it a better place for all of us.
3. Customers can pick up their plants in May 2027 when local climate conditions allow for it and when their gardens have been prepared.
4. We have been farming at Monte Lake and providing quality hanging baskets for school fund-raisers for 45 years and know the local conditions inside out.
5. Finally, we are close by and are ready to deal with any issues the customers may have, leaving you with minimal responsibility aside from collecting the money.

On Mothers' Day, we have an open house (free herbal tea, treats, & music)

The deadline for taking advantage of any of them is Feb 28 2025.

Thank you for considering this local fund-raiser.
